MAIN PROJECTS

Trump or False - Aug/2016

- A fun game using the Twitter API. Determine if a Trump tweet is genuine or from a parody account.

Devcamp.io: - Oct/2016

- Final project for DigitalCrafts. This is a MEAN Stack site that functions as a forums for people interested in coding bootcamps.

MEAN Starter Kit: - Dec/2016

- An opinionated, easy to use (and reuse) starter kit using the MEAN Stack. Features simple CRUD operations, authentication, and material design.

SIDE PROJECTS

Devcamp.io - Revamp: - March/2017

- A rewrite of Devcamp.io using ES6 syntax and better code in general. The linked repository is to the front-end site. Mainly a showcase of my abilities with ES6.

Progressive Coders Network: - Feb/2017

- I worked with a team to redesign the site as well as create a simple backend.

EDUCATION

Graduate of DigitalCrafts Summer 2016 Cohort

- Won an award for code organization skills. Side project was selected to be shown off at graduation ceremony.

TECHNICAL SKILLS

Angular v1.x and v2.x, Node.js, Express, MongoDB, MySQL, SASS, Flask, Git
